

### Paid Parking Sections, Fee Calculation Methods, and Rates for Curb Parking

The small vehicle parking spaces offered in the roadside paid public parking lots in this city are now open for parking of motorcycles with an engine size of 550CC or above. The charging standard and method are as follows:

Riders of motorcycles with an engine size of 550CC or above parked in small vehicle parking spaces will be charged in accordance with the charging hours, method, and parking rate applicable to small vehicles posted at the site. One small vehicle parking space is not limited to one heavy motorcycle. Please park along the curb. Other types of motorcycles are not allowed to park in the space left after a heavy motorcycle occupies a vehicle parking space.
